EXPERIENCE

Software Engineering Teaching Assistant | *Multiverse* | Remote — Jan 2023 - Present
- Led 20+ intensive software engineering (SWE) workshops covering programming concepts and technologies such as **JavaScript**, **Node.js**, **React**, **Express**, **Sequelize**, and **HTML/CSS**.
- Monitored the progress of apprentices through data collection and sharing insights with the Program team and partners to facilitate the next steps in the learning journey.
- Co-founded a nationwide "DEI Meetup" as a safe and productive space for discussing all aspects of diversity, equity, and inclusion in and out of the workplace.

Software Engineer | *Text2Order* | Remote — Nov 2022 - Present
- Led a 3-person team in Developing and updating the frontend codebase in a pre-Series A funded startup environment using **React**, **Redux**, and **GraphQL** in order to fully launch.
- Architected the application's customer service platform, admin portal, and kitchen display system and removed 200+ of the bugs and issues in the original code.
- Updated multiple of the application's technologies' 6+-year-old source code to the most up-to-date version of **React** hooks.

Software Engineering Mentor | *Fullstack Academy* | New York, NY — Nov 2022 - Jan 2023
- Provided students with individualized support and supported course instructors in teaching technologies such as **PostgreSQL**, **Node**, **React**, **Express**, and **Redux**.
- Evaluated student performance and progression toward competencies based on course deliverables and course rubrics.

Owner / Instructor | *Corum Gold Fitness* | Chattanooga, TN — Nov 2016 - Nov 2022
- Implemented seamless client experience with a mobile application for daily trainer engagement and food tracking.
- Automated client acquisition using lead-generating tools combined with new client onboarding software.

EDUCATION

Fullstack Academy | *Software Engineering Certificate* — Apr 2022 - Oct 2022
- Full-time, work-simulated environment with daily standups, code reviews, and **Agile** project management methodology.
- Tutored fellow students in course concepts and coding techniques.

The California University of Pennsylvania | *Bachelor of Arts* — Nov 2017 - Dec 2020
- Graduated Magna Cum Laude with a 3.6 GPA

TECHNICAL PROJECTS

2 Minute Fit | **Software Engineer** | *Personal Project* — Apr 2023 - May 2023
- Health and wellness tool for software engineers and others working from home.
- Built fully mobile and desktop-friendly using **React.js**.

Optimate | **Full Stack Engineer & UI Engineer** | *Team Project* — Oct 2022
- Creatively and cohesively styled application using **LESS**.
- Implemented a feature displaying the user's distance from other users using vanilla **Javascript** and **React.js**.

Simpli Money | **Software Engineer** | *Personal Project* — Aug 2022
- Persisted user financial data on every application load using **Redux.js**.
- Streamlined application flow using **React.js** components and browser routing.

MILITARY SERVICE

Infantryman | *United States Army* — Aug 2015 - Apr 2016
- Excelled in all training including physical requirements, leadership, and marksmanship.
- Military experience was cut short after being honorably discharged following a parachuting accident.

TECHNICAL SKILLS

Frontend: *JavaScript, React, Redux, HTML, CSS, LESS, SASS*
Backend: *Node.js, Express, PostgreSQL, Sequelize, GraphQL*
Misc: *Git, NPM, Bash Commands, Agile Workflow, RESTful APIs*
